CCTV – Parade - The Clerk had discussed the possibility of installing CCTV on the Parade with the crime prevention officer. He had informed her that the best deterrent for anti social behaviour would be good lighting. The fact the Chinese takeaway was open late most evenings would also ensure the area was overlooked which should also deter problems. The crime prevention officer detailed a lot of problems that would have to be overcome in order to put up cameras in this location, and as there are no problems being reported at the moment funding would also be difficult to find. After a brief discussion it was agreed that the installation of CCTV would be discussed at a later date if problems occur.
